

THE BICYCLE SEASON.

It Has Reopened in Wheeling a Month Earlier Than Usual.

PROBABLE SUSPENSION OF L. A. W.

Men for Taking Part in the Recent Professional Sporting Events at the North End Bunk—Wheeling Riders and Class B.—The Y. M. C. A. Bicycle Club Organized—Other Amateur Sport Items.

The phenomenal weather of the past two weeks has created several Meccas in Wheeling to which all wheelmen and those who want to ride a wheel flock in numbers these days—the cycle stores. All the dealers are doing a thriving business, and the indications are that this will be the banner year in the trade in Wheeling. On last Sunday almost every man who owned or could borrow a bicycle was out on the pike or the streets taking the initial run of the season. The interest in the sport was never so pronounced, and is second only to the bowling craze which struck the town last winter and is now in full bloom.

The class A amateur wheelmen are the class to which all the riders in Wheeling belong. It is possible, however, that one or two will enter class B, and possibly several will enter the fast class involuntarily. It is said two or three riders have accepted wheels free of cost from the manufacturers, something only a class B man can do, and if this is proven the rider mentioned will be fired from the simon-pure grade of amateurs—class A.

It is said that several of the local members of the L. A. W. who without thinking officiated as timers, etc., at the professional bicycle race between Greer and Worle and the race between Greer and McClelland may have cause to regret their hasty action. This is one of the offences that will perhaps be the cause of their suspension from the league.

A recently organized bicycle club is the Y. M. C. A. bicycle club, which starts off with a good sized membership and a good list of officers. The club will do considerable road riding this season. The colors selected are black and yellow. Following is a list of the membership:

Officers—Frank A. Jackson, president; George H. Marshall, vice president; John Paul secretary-treasurer; John A. Kinghorn, captain; Frank Miller, lieutenant; Howard Schaffer, color bearer.

Members—Frank A. Jackson, John C. Paul, H. W. Nesbitt, James M. Collins, F. G. Miller, F. Neuhardt, C. A. Stroehlein, H. E. Shaffer, H. Graebe, John C. Lynch, George H. Marshall, W. L. Miller, John L. Kinghorn, Charles E. Barr, Willie G. Milligan, Howard McNash, Albert L. Cox, F. M. Wilson, G. E. Sylva, E. M. Pierce, G. F. Walton, D. Farla, Charles Noble.

UNNECESSARY STATEMENT

That He Had no Wife Before a Religious Gathering in Tennessee.

NASHVILLE, TENN., March 19.—The Hon. W. C. P. Breckinridge delivered a lecture at the Gospel Tabernacle in this city on the night of June 2 last for the benefit of a local charitable institution. He had been to Lebanon, Tenn., where he delivered an address to the graduating class of Cumberland University and gave the lecture here without any personal remuneration.

At the conclusion of his address, Col. Breckinridge was presented with a very large and beautiful basket of flowers. In return for this compliment, he made a highly ornate and touching speech, taking occasion to say in a pathetic manner that he had no wife to whom he could give them. This circumstance has been vividly recalled by the revelation that Colonel Breckinridge was secretly married to Mrs. Wing April 29, 1893, more than a month prior to the date of this apparently unnecessary declaration.

THE CAUSE OF THE TROUBLE.

Archbishop Kahn's Condemnation of Father Phelan's Paper.

Following is the letter of condemnation which the priests of the archdiocese of St. Louis read at all the masses last Sunday, and which has caused the rebellion on the part of Father Phelan referred to in the Associated Press dispatches in yesterday's papers. The letter is relative to the paper edited by Father Phelan, who aided Father Corbett in his suit against Bishop Bonanum at Lincoln, and also vigorously assailed Bishop Bonanum:

"The Western Watchman (and its reprint, the Sunday Watchman), a weekly paper edited by the Rev. D. S. Phelan and published in this city, and professing to be devoted to the interests of the Catholic church in the west," is addressed by us a most unfit paper to be introduced into our Catholic families.

"We regard it as subversive of ecclesiastical discipline and even dangerous to the faith of our Catholic people, and therefore we feel bound to warn them against its baneful influence and to entreat them not to give it their support or encouragement.

"Inasmuch as the reverend editor pays no heed to our admonitions—nay, even defiantly denies our authority in the premises—we deem it our solemn duty as the guardian of the church's interest to thus publicly warn the faithful under our pastoral charges against a newspaper which falsely claims to be an exponent of Catholic thought.

"You are ordered to read this letter at all the masses in your church on the first Sunday after its reception. Yours very truly in Christ.

"JOHN J. KAIN, Archbishop, Coadjutor and Administrator.

"St. Louis, Mo., March 15, 1894."

Father Phelan said that he recently published a statement in his paper, in effect that a single bishop had no authority to place any restrictions around the Catholic press, and that the committee of archbishops appointed at the Baltimore meeting only had that power. Archbishop Kahn, Father Phelan continued, had come to him and demanded a withdrawal of the statement, and an abject apology, which demand he refused to comply with. Then came the letter to which he would pay no attention.

Would Ruin the Banking Business.

Boston, March 20.—A document signed by over fifty of the most prominent bankers in this city has been forwarded to President Cleveland urging upon him the necessity of refusing to sign the seigniorage bill and stating that it will ruin the banking business, create distrust and in a measure ruin the financial standing of the country. Such firms as Kidder, Peabody & Co., Lee Higginson & Co., and many others of equal prominence are signers of the document.

The explosion caused a panic among the girls employees and several were injured in the rush for the exits.

LIKE THE POLLARD CASE.

A Colorado Statesman Who Followed the Example of Mr. Breckinridge.

DENVER, COLO., March 20.—Denver society is discussing a scandal similar to the famous Breckinridge-Pollard trial. The principal actor in the local affair, according to the Rocky Mountain News, is H. E. Sims, a member of the Ninth general assembly from Arapahoe county. Sims for some time had been engaged to be married to the daughter of a prominent Capitol Hill family, and the date of the wedding had been set for March 19. After deceiving the girl Sims introduced her to go to Pueblo on a visit for a few days, and while there he married Miss Harriet Landon, a teacher in one of the city public schools, and a most estimable lady. The couple are now in California on their bridal tour. It is understood the wife is unconscious of her husband's duplicity. The betrayed girl knew nothing of the secret marriage until after her return home to prepare for her own wedding, and it is feared the shock will be serious in its results.

Patents Expired.

WASHINGTON, D. C., March 20.—Patents on 260 devices expired by limitation to-day. Among the more important of these inventions were the following: Magazine fire arms, John W. Keene, Newark, N. J.; cotton presses, William Golding, New Orleans; sewing machines, O. S. Hazard, Coventry, R. I.; motors, Edward McCaffrey, Albany, N. Y.; sewing machines, Darcy Porter, Cleveland, Ohio; assignees to the White Sewing Machine Company; refrigerators, John J. Rate, Brooklyn, N. Y.; time locks, Lewis A. Helms, Westminster, Md.; carburetors, John A. Pierce and Francis E. Smiley, Philadelphia; grain separators, H. Kurth, Milwaukee.

A Rejected Lover's Deed.

St. Louis, Mo., March 20.—Minnie Schilling was to-day shot and fatally injured by Edward Courtenay at the home of A. J. Boewig, 312 Eads avenue, with whom Miss Schilling has been living. Courtenay then turned the revolver upon himself and inflicted fatal injuries. Courtenay, who is a veterinary surgeon, has been for some time pursuing the girl with his attentions, apparently without encouragement.

BELLARIE.

All Sorts of Local News and Gossip from the Glass City.

The silly bill presented by Senator Hogg and passed by the senate without a thought of what it meant has been thoroughly aired now and will meet the fate in the house, if it is ever considered at all, that it deserved to meet in the usually more deliberative branch of the legislature. Meantime the notoriety this little bill—there are only five lines of it—has given Mr. Hogg is enjoyed by the other Congressional aspirants in this section of country. None of them now feel any uneasiness about what figure Mr. Hogg will cut.

A little child of George O. Robinson fell into a cistern at his home the other evening, and the grandfather, John Robinson, jumped down into the cistern to save the child. The cold bath was too much for him, and had it not been that George happened to see his father plunge into the cistern both would have drowned, but he rescued both. The old gentleman was about exhausted when he was taken out.

There were no electric cars running yesterday. The public here is in sympathy with the men who have worked for three cents an hour less than was paid in Wheeling ever since the road opened, rather than make trouble, and some of them assert they were promised the same wages as paid on the Wheeling line when business became good.

A day or two more and the peach, pear, plum and cherry trees will be in bloom. This will furnish a fruitful theme for the fruit-killer, but one of the oldest residents of this section remembers an earlier spring than this in 1847, and he says it was one of the best fruit years he ever knew.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell, and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.
